

**Attendees:**

Shane Hubbard (Indiana)  
J.P. Marsch (FEMA Region V)  
Roxanne Gray (Wisconsin Emergency Management)  
Kent MacLaughlin (Wisconsin Emergency Management)  
Jeremy Klein (Minnesota)  
Rick Warren (Ohio)

\*\*\*Great call yesterday!

**Roundtable**

Minnesota is gearing up for the newly announced HAZUS-MH training in Duluth, MN this spring. Additionally, Minnesota is looking forward to having Kevin Mickey give a presentation at the Minnesota Governor's Conference. Jeremy also indicated he is aware of a few people in the Twin Cities and St. Paul area which are using HAZUS-MH.

Wisconsin is looking to advertise the training in Minnesota to their contacts in the State of Wisconsin. Kent is looking for additional ways to proceed with their statewide 100 year flood assessment using HAZUS-MH.

Ohio has completed a project on the Ohio River. Rick was comfortable with the results he came up with.

Indiana is current doing a level 2 analysis in 29 counties in Indiana and is about 50% complete. Additionally, the state is holding many HAZUS-MH training courses throughout the State of Indiana through the Indiana Department of Homeland Security.

**The group discussed having a Users Group meeting this spring or summer.**

The group felt like there may not be enough participation and it was decided to not plan a users group meeting for the time being. It was suggested that Region V could assist Shane or Kevin in creating a list of folks which have been through HAZUS-MH training in FEMA Region V to allow the group to keep them involved.

**We discussed the HAZUS-MH best practices document.**

Everyone thought it was helpful and useful. J.P. would like to see FEMA's stamp of approval on it and is going to look into it. Everyone accepted Kent's comments to be included. Shane will make the adjustments to the text and send it out to the group. J.P. would like to see some formatting changes and will make those changes.

**Next Meeting**

We have scheduled the next meeting for Tuesday, March 20th, 2007 at 10:30 CT / 11:30 ET

Shane Hubbard  
Professional Education and Outreach  
The Polis Center  
Indiana University Purdue University Indianapolis  
1200 Waterway Boulevard  
Indianapolis, IN 46202
