Hazus Higher Education Resources Consortium (HERC)

The HERC provides a networking opportunity in the academic and educational community.

The mission of the Hazus HERC is to classify and distribute information regarding Hazus use within the higher-education community, for the purpose of fostering collaboration among institutions of higher learning and FEMA, as well as promoting Hazus use and analysis. <http://www.usehazus.com/herc>

Need a HUG? There is One in Your Area

Hazus User Groups (HUGs) are partnerships between public and private sector organizations that collaborate on projects, combine resources and share information, data, and tips on using Hazus. A Hazus User Group is a way to become part of the Hazus community. Maximize your Hazus results by working in collaboration with other professionals in your region.

HUG Benefits:

Networking opportunities:

- Collaborate with public and private organizations
- Partner with academic institutions

Training opportunities:

- Regional and specialized Hazus training
- Web-based training
- Hazus Trained Professional and Trained Practitioner tracks

Technical support connections:

- Communicate with local and regional experts
- Dialogue with national and regional Hazus users

Conference opportunities:

- Annual Hazus Conference
- Regional HUG conferences
- Emergency management and GIS conferences

Cutting edge opportunities:

- Publish your technical articles and success stories
- Monthly national teleconferences with FEMA

Join a HUG Today

Visit one of the Hazus websites, www.fema.gov/plan/prevent/Hazus or www.usehazus.com.

Contact your FEMA Regional Hazus point of contact.

Start a HUG in your area! FEMA provides assistance.
